SUBJECT: New Ford F150 pickup truck for Information Services Radio Engineer from Washington State contract #05916.	
FISCAL IMPACT: \$39,206.11 including sales tax. (purchase outright). Funding for the requested vehicle comes from the 13902 "Emergency Communications" budget line #642802. There is no impact to "Current Expense"	
BACKGROUND: <p>The Information Services radio engineer has been using a "hand me down" Ford Excursion for the past several years to maintain all radio communication towers. This vehicle was a surplus from the Sheriff's Office a number of years ago. This vehicle has been reliable until the past year or so. It is approximately 14 years old and is becoming very un-reliable and has broken down multiple times recently. This vehicle is driven to very remote locations (tower sites) and often there is no radio and/or cell phone coverage and I am getting increasingly concerned for staff safety. We desire to purchase a new 2020 Ford F150 pickup truck from Columbia Ford in Longview Washington including a canopy w/Side Door Access Tool Storage Boxes. Also included is a "Cargo Glide XL, slide out truck bed tray. This purchase is from WA State contract #05916. Per terms of the contract, free delivery to our address is provided.</p>	
RECOMMENDATION: <p>Recommend approval of attached resolution authorizing Information Services to purchase a new 2020 Ford F150 pickup truck with canopy and slide out truck bed.</p>
